an this city to-day. A. E. THATCHER. A MYSTERIOUS CASE-PROBABLE MURDER. -On Monday evening, John F. Halsey, residing at 806 West 11th street, and having crisited his mother at No. 17 Morton street, crossed over with his brother to Brooklyn They both returned to this city shortly be-fore 11 P. M., and took a Bleecker street car at the Fulson ferry. The brother of the missing man left the car at Cornella street, missing man left the car at Cornella street, and since that time nothing has been heard from him. A few minutes after 11 P. M., that night, the wife of the missing man heard a noise in the area of her residence, apparently caused by men souffling. She did mot go to see what it was, however. In the morning Mrs. Haisey found a quantity of blood in the area and drops upon the sidewalk. She thought her husband might have thoughed with his brother, and she sent to the latter, when the facts about the ride in the car together were made thrown. The mister was immediately placed in the hands of several detectives and they and since that time nothing has been heard

NEWMAN HALL OF LONDON.—The Rev Newman Hall, of London, delivered a lecure last night, at Steinway Hall, on the Relations between England and America during the War." The audience was respect ably large. Among those on the platform were Mr. Peter Cooper, Hon. Wm. G. Dodge, Hon. E. D. Morgan, Rev. Dr. Cox, Rev. Dr. Hall, Mr. Cyrus W. Field, Hon. Jackson S. Schultz, and many others. Senator Morgan presided and introduced the Rev. Newman Hall, who was loudly applauded on coming

though many thought, when Tammany Hall was sold, it would injure the society, leaving them, as it did, with only a name and minus "local habitation." The other Democratic factions - "anti-Tammany, anti-Ring," as they term themselves were not altogether ed; and scores of them, who would have been made deputy sheriffs, and secured minor fat offices in the County Clerk's department, are now in sackcloth and ashes. They will have to go hungry while seeing the enemies feed at the public crib. The election on Tuesday will tend to still further strengthen the Tammany party, for there is generally a desire to be connected with the strongest side, especially when both sides are of the same general creed. The result of the battle greatly lessens Fernando Wood's chances for the Mayoralty, for it is generally conceded about town, that he cannot command so many votes as Connolly did at the last election. The "Big Judge," by the way, took his defeat very good humoredly. The following are the complete returns of votes for County Clerk and District At-

> One of the most revolting cases of suicide which has taken place in this city for a long time past, occurred at No. 363 West 36th street, about half-past 11 o'clock, A. M., yesterday. Shields, aged SS years, an American by birth, and who, with his family, copsisting of a wife and two children, a boy and girl, aged, respectively, 7 and 9 years, have for some time past, resided at the above place. For some time past, Shields has exhibited strong symptoms of mental depression, but as he made no threats to commit self-destruction, but little was thought concerning the matter, and no precautions whatever were taken towards preventing such an act. A Sun reporter, who visited the scene of the occurrence about 4 o'clock P. M. yesterday, found the dwelling in charge of an officer. The corpse was stretched at full length upon its back, with the arms extending at right angles from the body. The wound in the throat, which had been made with a razor, was a frightful one, extending from ear to ear, cutting entirely through the windpipe, and severing the jugular vein on both sides of the neck. A clotted mass of blood almost hid the neck from view. The eyes were widely extended and protruding, the month open and filled with blood, while over the entire countenance was spread a sort of half terrified, half painful expression, indicative
